

FLEXIBLE AIR HOSE SOLUTIONS

WITH XtremeFlex[™]

LIGHTWEIGHT, OIL RESISTANT SOLUTION FOR TOUGH APPLICATIONS.

At Apache, we deliver the highest quality products designed to withstand your most demanding applications. That is why we worked with our suppliers to provide you the latest in rubber air hose technology: XtremeFlex.

- Premium rubber hose that is 40% lighter than standard rubber hoses
- Maintains usability and flexibility at extreme temperatures: -40°F to 212°F
- Best in class oil resistant tube and cover
- Superior abrasion and kink resistance
- Bend restrictors on both ends to prevent kinking
- Great for a variety of applications, including home, farm, and industrial
